Our 114th Year

Best in the Long Run

We do our best to live up to that slogan. If we fail to meet your expectations please let us know.

Create a Riotous Rainbow of Spring Color with Bearded Irises

All you need is a sunny location (at least ½ day of sunshine) and well-drained soil. Irises don't like to sit with wet feet! Plan to space plants 12" to 18" apart.

You'll find several hundred varieties to choose from in this list. The small Miniature Dwarf Bearded are listed first, followed by groups that are increasingly taller in stature and later in bloom season. Please look at the photographs at www.longsgardens.com.

We saved the best for last – you'll find the very newest offerings from our Colorado hybridizers on page 15.

Shipping Times and Pick up Options

If you specify a particular ship date, we will endeavor to comply. Generally, orders received before July 1 are shipped in July and early August, orders received after July 1 are usually shipped in August. In order to insure that all orders are shipped to reach you at the proper planting time, we stop taking orders August 1st. However, if time and supply permit, we will accept a few orders after August 1st. Please call to check.

If you wish to pick up your order, there is no shipping charge, but you must pay the Boulder City tax of 8.845%. Orders may be picked up by prior arrangement on week days 8:00 to 3:00 or Saturday morning from 9:00 AM to noon in July and August.

If you live in the northern latitudes or at a high altitude, please order early so that we can ship your order in July. These short season climates need a head start.

For more information, please check our website,
www.longsgardens.com.

Guarantee

If there is any problem when you receive your shipment, please let us know right away. If any of the plants you purchase fail to grow for one full year we will replace them (although sometimes it will be necessary to substitute a different variety, but as close to the color as possible).

We do guarantee our iris to be true to name.

We do not guarantee the plants will flower the first spring after planting. Some plants will need an extra year to establish.

Spring hours and notes

May through early June (April 29th through June 9th this year) is the only time we maintain regular office hours. The rest of the year is by appointment only.

We update our website, www.longsgardens.com, with hours, dates, and condition of the bloom. Please check it or give us a call at 303-442-2353 or email info@longsgardens.com.

The temperature this year, so far, has been kind to the iris, but it's been a bit dry. It appears that we will have a normal bloom time this year.

Miniature Dwarf Bearded (MDB)

Diminutive Harbingers of Spring

At just 2"- 8" tall these tiny treasures are the earliest of the bearded iris to bloom. In our fields they usually start blooming in late March or early April. Miniature dwarfs thrive in a climate with a definite cold season and are best enjoyed in a rock garden or elevated planting. You'll want to make it easy to sniff their dainty blossoms – most are very fragrant!

EARLY START COLLECTION

A collection of 5 different Miniature Dwarfs

All labeled.

Just \$13.00

***Bigger isn't always better.** The tall bearded iris are beautiful and showy, but don't limit your garden to just the "big guys". If you add some of the dwarfs and intermediates you can vary the height and extend the bloom season. Good things do come in small packages!*

Standard Dwarf Bearded (SDB) ~ Versatile & Vigorous

These gems of the Spring garden bloom later than Miniature Dwarf and earlier than Intermediate or Tall Bearded. They stand 8"-15" tall. SDBs will form clumps that provide you with wonderful mounds of color and nice cushions of spiky leaves.

Please see the next page for TROUT'S TREASURES, a collection of Standard Dwarf Bearded irises.

TROUT'S TREASURES

Our house cat, Trout, came to us from Uzbekistan. No, she didn't walk all the way, but came thanks to the Peace Corps and our neighbor. Trout, with her wide experience in the world, is content to stay put and help with selecting a wonderful collection of Standard Dwarf Bearded irises. She is short of stature and hardy, like these shorter beauties. She promises to give you a world class value for your money.

GOATS' GATHERINGS

Our newest residents, the goats, have grabbed with gusto the chance to select a grouping of great Intermediate Bearded irises for your garden. These cavorting, carefree, caprines have consented to not chew or take capricious chunks out of your iris before we ship them to you. The goats have observed these iris as they graze and are eager to choose just the right irises for you.

Tall Bearded (TB)

Tried and True – Old and New

Most of the iris in our main listing are Tall Bearded, with stalks over 28” tall and as high as 40” (there are some Border Bearded (BB) that are 16”-28” tall). Their time of bloom ranges from mid-April in the southern states to late June in the far north and high elevations. Most varieties bloom once a year in the spring, although some will rebloom in the summer and fall in warm climates.

HISTORY COLORADO
COLORADO DEPARTMENT OF AGRICULTURE
COLORADO STATE FAIR

In August of 2017 at the Colorado State Fair, Long's Gardens was awarded a Centennial Farm Award. This award is given to farms that have been in the same family for more than 100 years. We have been farming at our current location since 1916 when J. D. Long and his wife, Cora, bought the original of several parcels that now consists of 25 acres. When you are in Boulder, come see our piece of history, much of which is unchanged. We were also awarded an Historic Structure Award for our buildings that are over 50 years old. Thanks to all of you that have made this possible!

We're pleased to present some fine new creations from Colorado hybridizers!

2019 INTRODUCTIONS

BILLOWING BLUE (O. OLSON 2019) TB 38" M-L S. white, F. blue, faint white around beard, some delicate white wash over petal. B white, yellow in throat. Ruffled. Seedling 07A1.....\$40.00

DENVER SUNSET (O. OLSON 2019) TB 36" M. Standards apricot-buff, Falls deeper apricot buff, center violet. Beards orange. Very ruffled. Slight fragrance. Seedling 06R2 Poem of Ecstasy x Augustana Bell Tower.....\$45.00

JUST MIST (D. MILLER 2019) SDB 12" E-M Just like a fine mist on a cool spring morning, this sky blue SDB delivers what the soul is looking for. Pleasure in a small package. A good grower with 2-3 buds per stalk. Seedling 12-03D.....\$18.00

MANGO GLACÉ (D. MILLER 2019) TB 33" M A creamy French ice cream smoothie appeals to the most discriminating appetite. Strong peach mango hafts enhance the orange beards and luster to the soft light mango yellow style arms. Sturdy stalks and a good grower. Best seedling 2015 Mountains and Plains Iris Society show. Seedling 07-61Y.....\$45.00

MONTE VISTA (D. MILLER 2019) TB 38" E-M From Colorado's San Luis Valley floor, you can see mountain views in every direction. These vistas appear as snow capped peaks (the standards) and forests (the falls) that appear blue to the eye. Add in a dusting of snow in the form of a ray pattern on those tree tops, and a glint of sunshine (the beards). Tall sturdy stalks with 8 to 9 buds. Best seedling 2016, Mountains and Plains Iris Society show. Seedling 07-14C.....\$45.00

SMOKE IN YOUR EYES (D. MILLER 2019) TB 37" E-M Spending time around campfires inspired this smoky dusky violet to be named for those memories. The falls have a soft pinkish beige glow to them. the burnt orange beards provide the ember glow to set this iris off. Expect 7-8 buds. Seedling 03-52A.....\$45.00

Kiddies and Flowers

It's a fine combination—kiddies and flowers. My three little folks each have a garden and take great interest in their flowers. There's nothing more satisfactory for children's gardens than flowering bulbs, because it eliminates just about all the chances for failure. The bulbs are easily planted and need little attention. Pleasing results are practically assured.

This picture was taken in my tulip garden last May. Meet these little gardeners. Names, from left to right: Elizabeth, Everett, Carleton.

Catherine's father, Everett (center), with his siblings, Elizabeth and Carleton. Ev took over the business after JD & now Catherine has succeeded her father in operating Long's Gardens.
